Fundamentals of CSS, CSS Pre-Processors, Frameworks, and Version Control Systems

Final Exam date and time: Sep 30, 2022 (Thursday), 4:15 pm – 8:15 pm

- You **should not copy** and paste code from the internet.
- You **should not copy** any code from your classmate.
    - **If any of the above situations happens, you might get a zero (0) and you will be reported.**
- You **should not** have conversations with your classmates during the exam.
- It is your own responsibility to test your own code before submitting.
- Your instructor will not help you with any questions during the exam.
- Format your page properly.
- You must follow the provided file structure below.
- You are not allowed to change the HTML structure **inside the <body> tag**.
- Default font and colors are provided.
- You are allowed to include new classes to the current elements.
- You are allowed to include new Ids to the current elements.
- Insert comments into your SCSS code.
- Include a title to your document.
- Any other import should be inside your SCSS. Do not import fonts or CSS in your HTML.
- Your submission folder should be a zip file with your name. Example: **YourName_FinalExam.zip**
    - **Please, do not send me a file without your name on it.**
    - **Do not include your CSS folder.**
- Your files structure should follow the tree:

- Colors list:
    - #EEE8D6
    - #022933
    - #FFBA00
    - #0076A3
    - #548C27
    - #F39856
    - #D14348
    - #6D73C2
- Font list:
    - Merriweather, Helvetica, sans-serif
    - Bree Serif, Helvetica, sans-serif
    - Font Source:
        - http://fonts.googleapis.com/css?family=Roboto+Slab|Merriweather|Josefin+Slab|Oswald|Bree+Serif
